

# BOARD ROTATION

As some of you are aware, we have had three ITA members on our board who are called “Member Representatives.” That means that, while they don’t vote on board decisions or have any financial responsibility for the organization, they come to our board meetings to understand the behind-the-scenes processes of ITA. Then, they can speak with some knowledge and understanding about board activities.

For the last several years, our three valiant members who have been serving in this role are **Eileen Ambrose, Carol Prince** and **Beth Wolfer**.

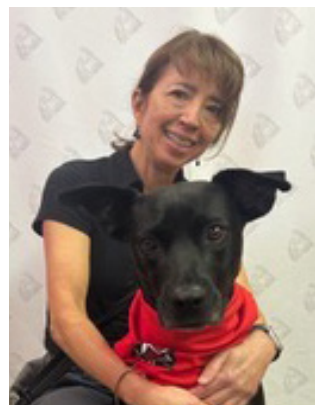

**Beth** recently decided to take on the role of a “real” board member, and **Carol** resigned in January after *nine years of service (since 2017)* as a member rep. We are so grateful for all their faithful help and support!

That would leave **Eileen** all by herself in this role, but **Janice Pinterics** has decided to accept the invitation to join us as a new member rep. So, on we go ...

Carol with Judi ~ rotating OUT

Janice with Yuki ~ rotating IN

*Huge Thanks!*

# RETIRING

## Diana Bennett & Luke

(Sandy, UT)

Diana & Luke are retiring, partly because Luke is now 11 and slowing down a bit, but mostly because Diana is going through metastasized cancer treatments which are taking up a whole lot of her time and energy. Diana and Luke have been an ITA team since 2019. They have served in many facilities, with many kinds of people, and they very much regret having to retire.

# FUN TO SHARE

**LEFT:** Ellen Guthrie & Dudley at Primary during the holidays. **ABOVE:** Secret (partner of Andrea Waldon) brings some joy to a client at Courtyard. **BELOW RIGHT:** Emma (late partner of Bee Lufkin) and Edgar (partner of Beth Wolfer) eagerly anticipating their after-visit puppacinos at University of Utah Hospital.

Dogs are masters of  
the present moment.

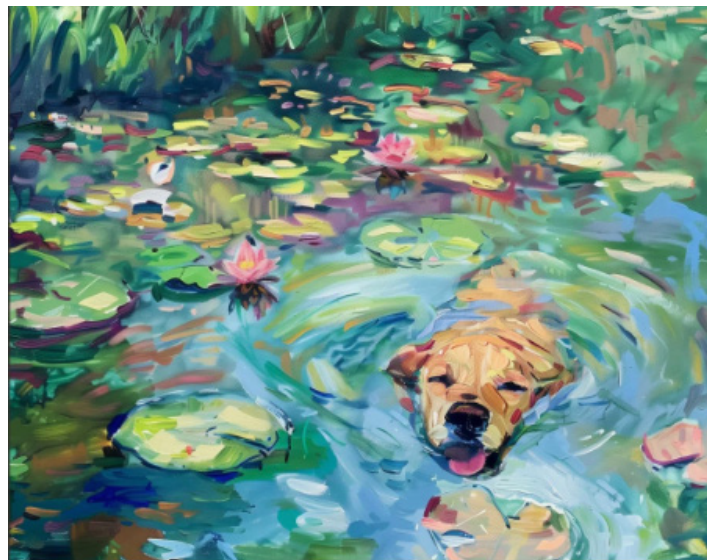

In the West, people  
call them pets.  
We call them  
teachers.

If airlines were smart they'd sit a dog every few rows and then charge extra to sit near the dog

@thisone0verhere

Do I want to upgrade? Ew no thank you.  
Do I want to PUPGRADE?! Yes. Yes, I do.
